

18 MAR 1964

NOTE TO :

STAT

On 17 March 1964, I discussed with D/Pers at his afternoon meeting the use of Agency retired personnel by the Credit Union, either for part-time or full time employment. This new concept was approved by D/Pers but we were cautioned to develop standards that would be used in selecting individual retirees for Credit Union vacancies. At least for the beginning the selections should be cleared not only with the General Manager and me but also with D/Pers.
